The result is a riveting account that will shock and Il Duce and His Women the readers for a long time. The eagle motifs and suckling she-wolves visible today on fascist architecture in Italy are partly Sarfatti's legacy. Now that over sixty years of scholarship and an abundance of first-hand documents by his closest relations and his many lovers are available to the researcher, the elusive, contradictory and often misunderstood traits of his character are beginning to take shape into a more meaningful and better-defined portrait of the man, the politician and the leader.
