So we've seen it work. The interactive preview also shows a preview of the first page, but it's a bit slower to load. The crisis that we are seeing in the global workforce today is first of all associated with engagement.

Leadership is in human nature, and the skill to inspire and influence others. Excerpt from Make me a Leader: We're constantly 'on' with our mobile devices, causing extreme distraction and information overload. In the end we'll leave it all behind. Because the life I think I'm trying to find is probably all in the mind, it's like we're trying to work hard for something that's just in our mind. How are you applying that to leadership? The interactive preview also shows a preview of the first page, but it's a bit slower to load. If a pedal bicycle did stay upright because of the gyroscopic effect then any novice could just push off and the bike would do the rest.
