Customers who bought this item also bought. Thyroid storm is an acute form of hyperthyroidism that results from untreated or inadequately treated severe hyperthyroidism. Dear Svetla, Thank you, I love the list!

I will carry on with your herbal suggestions. English Choose a language for shopping. In the US, I is the most common treatment for hyperthyroidism. Iodine is used for emergency management of thyroid storm, for hyperthyroid patients undergoing emergency nonthyroid surgery, and because it also decreases the vascularity of the thyroid for preoperative preparation of hyperthyroid patients undergoing thyroidectomy. Thus, most patients eventually become hypothyroid. I must now learn, that I have used it many, many times and it helped tremendously my healing process. Well, here is the deal:
