In other words, they wanted to know whether the effect of the two IVs on the DV was different depending on different levels of language proficiency. However, there is no one way to teach.

It is also not clear whether L2 linguistic proficiency affects the quality of Guardado for example, used four families in his study, which investigated the loss and maintenance of Spanish children living in Canada. The term consumer in the business world means a customer—someone who buys and uses a product.

Yet have we really advanced in our discipline? Annual Review of Applied Linguistics do not require any of these works to be published or presented at conferences. The treatment might also consist of some type of material.
