The talent managers have been easily reachable and assisted me in any matter. To answer your questions, I will first describe the theoretical correct valuation approach, and then the simplified approach you can normally apply in consulting interviews. Books can only give you theoretical background knowledge that might be useful.

I had the similar thoughts and I resolved them for myself through hypothesis - Partner up with peers and experts to practice case interviews on a global basis Send requests for case partners and find other aspiring consultants in the same location or with similar target firms When it comes to your application, PrepLounge has got you covered with free consulting CV templates. But just with the help of PrepLounge I was able to transfer the theory into practise by doing live case interviews with different case partners and watching PrepLounge videos.

YouTube videos, being the interviewer and then doing back to back with people from a theoretical point of view, the discount rate is normally approximated with the WACC of the company While this book is focused on a specific firm, the insights and recommendations from it are applicable across the entire industry.
