Chris and his wife, Liz, have four adult children and six grandchildren. This is a solid book on the mission of evangelism; Christopher Wright takes the reader through the Old and New Testament to provide a framework for missions. Excellent read—it just took me forever to finish; I'm not sure why. It is thus useful. The questions at the end make this a great book to use for a small group study. In a world where we easily manipulate a soundbyte, or in this case a single verse, to fit our context, our world view, and our desires it is refreshing to be reacquainted with a holistic approach to reading God's word and understanding our place within His mission. Wright thinks in God's first command to Abraham there is an anticipated dynamism. Wright is determinedly a biblical theologian, intent on showing themes from the Old Testament and into the New.
