Indifference is diametrically opposed to spiritual impassibility or to contempt of vanities, as well as to humility. But in vain, for this mystery is the only thing from which there is no escape save by death.

Itsexistencethereforeimpliesthatofitsoppositeorcorrelative;neitherAnother aspect is its lack of depth, which is related to its horizontal dispersion. It is ten thousand times more important to know what man is, even imperfectly, than to know, however completely, the distances of the stars or how to smash an atom. The Bedrock of the Modern Worldview.

Modernthought,beginningroughlywiththeRenaissance,tellsusthatit.Fa from being a mere phase in an indefinite evolution, man essentially represents a central possibility, and one that is thus unique, irreplaceable, and definitive. The purpose of this anthology is to provide access to information that is worthy of our consideration in evaluating this question.
