Pro Modified has only been around for about 15 years, whereas other classes are much older. This type of racing usually assumes that the rear frame rails and suspension are not radically modified. Cars utilizing a turbocharger as the oxygen booster are limited to cubic inches with the turbochargers having a maximum size of 88 millimeters . ThearcadegameCruis'nUSAhasseveralreferencestostreetracing,likerea Street racing can either be spontaneous or well planned and coordinated. Sometimes sudden death matches are used when there is not sufficient time to run another 2 matches, or if a driver pleads that his equipment cannot handle the rigour of another round. Thegreatestdisparityisthatmostgameshavetheplayer'svehiclebeingcom racers may agree that if one racer leaves the line early or does something that is agreed as unacceptable during the actual race, only the DP money is lost, but that isn't always the case.
